

HEALTHY EMPLOYEES = PROSPEROUS BUSINESS

BOOST PRODUCTIVITY THIS WINTER

Flu shot plus free flu buster kit!

The painful truth: The average South African takes 4 days unplanned sick days per year, costing you R350 per person per day!

Seasonal **flu and cold bugs** adds up to R2,7 billion in lost productivity – even more if factors like replacements and overtime are taken into account!

The easy remedy: Invest in your employees' health and create a more prosperous business!

A **seasonal flu shot** is key in preventing flu and increasing productivity in your workplace. For only **R136 per person** you can help protect your employees against the three most prevalent flu viruses.

Three steps to boost your ROI:

Step 1: Arrange a *flu buster day* at your premises – **contact Blueprint Health** on 082 759 2680 or submit a request via info@blueprinthealth.co.za.

Step 2: **Meet** with the Blueprint Health team to discuss your needs.

Step 3: An HPCSA registered provider will **privately consult** with each employee before an immunisation.

Bonus
offering

Each employee will receive a **FREE *flu buster kit*** that includes:

- Supplements
- An education leaflet
- Self-care support

blueprinthealth To re-order monthly supplements call 082 759 2680 or e-mail info@blueprinthealth.co.za
